MATERIAL ORDER FORM INSTRUCTIONS

Great Sierra River Cleanup 2013

In order to help avoid confusion about the supplies for Great Sierra River Cleanup Day, please refer to these instructions while filling out your material order form. These instructions explain the amount of each supply you should order and how the supplies should be used.

NAME & ADDRESS: Please give us your shipping address. We cannot deliver to a P.O. Box.

TRASH/RECYCLE BAGS: These are used, obviously, to hold the debris! Please don't give a bag to each person! In many areas, the bags come back only half- or quarter-full anyway. Unless volunteers show up by themselves, plan on giving out only one trash bag and one recycle bag per group (a group consists of 2-5 people). One of the volunteers in each group will be recording data while the others will be collecting trash and recycling and calling out their "finds" to the volunteer who is recording data.

If you've held a Cleanup before, estimate the number of bags you order from us by taking your total number of volunteers from last year, adding 10% or so for expected growth of the event, and then order 2/3 as many bags as this number. For example, if you had 1,000 people at your Cleanup last year, you would order about 700 of each bag. (**Note:** Most coordinators find they need fewer recycle bags than trash.) If this is your first Cleanup, estimate the total number of volunteers you expect and order 2/3 as many bags as this number.

(BUT - PLEASE encourage all your volunteers to bring their OWN bags.)

GSRC POSTERS & OTHER PROMO MATERIALS: These are for publicity efforts, so it is harder to determine how many you will need. Order as many as you can reasonably expect to distribute before the event.

The posters measure 11" x 17" (labeled large on order form) and 8.5 x 11 (labeled small) – for hanging in local storefronts, schools, libraries, etc. There are also postcards and handbills available.

All the above mentioned promotional materials are available to download from the SNC website beginning in May.

DATA CARDS: As with the trash bags, you do not need to give out a data card per person. One data card per group is fine. As stated above, a group consists of 2-5 people. Order as many data cards as trash bags. Order as many Spanish data cards as you think you'll need.

DATA SUMMARY CARD: Data Summary cards allow each site captain to summarize data results from their Cleanup. Order one per Cleanup site PLUS one more Summary Card for Coordinators to compile all the sites' info onto one card for your overall area/river/watershed.

DATA DETECTIVE POSTER: This is a poster designed for use at each Cleanup site to help teach volunteers how to fill out their data cards and why they should do so. It is printed with English on one side and Spanish on the other. Order one or two per site.

(over)

PENCILS: These are used to fill out the data cards during the Cleanup. Order one for each data card.

GLOVES: We provide latex or plastic gloves for volunteers to wear while cleaning up. Volunteers only need ONE glove, so please only order enough for one per person (the less trash we create with this event, the better). Gloves come in five sizes: XS, S, M, L, XL. Please indicate the total number of GLOVES in each size (not boxes) that you would like. ***(BUT - PLEASE encourage all your volunteers to bring their OWN gloves.)***

T-SHIRTS: We provide free t-shirts for you and each of your site captains.

PLEASE NOTE -

WAIVER FORMS: This REQUIRED form must be filled out by each volunteer, regardless of age (children younger than 18 need a parent or guardian's signature). The waiver form includes the names of all organizing groups involved in the Cleanup Day. We have ten signature lines per form, so make one-tenth as many copies as the total number of volunteers you will have. Waivers are available in English and Spanish.

***The 2013 Waiver will be available on the SNC website by August 1:
www.sierranevada.ca.gov***

INTERNATIONAL COASTAL CLEANUP SUMMARY CARD

DEAR ZONE/SITE CAPTAIN:

Thank you for your hard work, dedication, and valuable time spent for this important cause! We appreciate your commitment and passion for ocean and waterway conservation issues.

Please take a few minutes to fill out this Summary Card. Ocean Conservancy processes ICC data compiled by hundreds of thousands of volunteers from around the world. In order to speed up the process of entering all the data necessary to generate final reports and to ensure your state and country is accurately represented in the analysis of the ICC results, it is extremely imperative that you fill out this form and mail it back to your State/Country coordinator within two weeks after your Cleanup.

This Summary Card is to be completed ONLY by the ICC Zone/Site Captain. Before filling out this form, compile all the data from the data cards you received from the cleanup volunteers. For each item on the data card, add the total number of pieces, and enter this number in the box. Example: if your volunteers removed a total of 122 Beverage Cans, then you would write 122 in the box next to Beverage Cans.
